

How to Calculate Impact Numbers

General notes: Answers must be whole numbers- decimals, percentages, and non-numeric characters (aka \$) are not accepted. Standard rounding rules apply.

Number of Events/Programs = Count of all chapter events/programs supporting SHPE's mission

Tip: Events and programs supporting SHPE's mission include: board meetings, general body meetings, MentorSHPE, academic support, technical projects, Noche de Ciencias, outreach events, SHPEtina events, leadership development, networking/social events, professional/career development events, etc. If it was included on your CMT, it likely aligns with and supports the SHPE mission!

Number of Hours Supporting SHPE's Mission=

$\Sigma \text{Event}_1 (\# \text{SHPE Members} \times \# \text{ hours of event}) + \text{Event}_2 (\# \text{SHPE Members} \times \# \text{ hours of event}) + \dots$

For example: (10 SHPE members X 2 hour MentorSHPE event) + (24 SHPE members X 1.5 hour networking) = 20 + 36 = 56

Number of Outreach Visits (virtual or in-person) to K12 Schools= Count of visits

Number of Community Outreach Hours= #SHPE members x # Outreach Hour

For example: 10 members volunteered for 1.5 hours= 10.5 hours -> round to 11 for whole number reporting requirement

Number of K12 Students Impacted via Outreach Visit(s)= count of K12 students

Note: The same K12 student can be counted multiple times if they participate in multiple outreach events

Number of Mentors Participating in MentorSHPE within your Chapter= count of members serving as mentors

Number of Mentees Participating in MentorSHPE within your Chapter= count of members serving as mentees
